To: Respondent

Ref: IFB PG-0416173 Welding Equipment

Subject: **ADDENDUM NO. 01**

This addendum amends, clarifies, amplifies, or further explains the above reference Invitation for Bid (IFB). The information contained herein shall supersede and take precedence over the information contained in the IFB.

#### **Clarifications**

**Q: I am looking at page 4 at the first item for bid. The K4272-1 Flextec 350X Multi-Process Welder and it says setup for 230V-60Hz3ph electrical power. I believe this should say 460V and not 230V as this machine is only able to be setup as 380V, 460V or 575V?**

**A. The correct setup is 460V, 60Hz, 3 Phase**

**Q: Can you please give me information on what the installation will consist of on IFB PG-0416173?**

**A: Take off installation as part of the bid package submittal. Installation will be done internally.**
