1.0 GENERAL INFORMATION

1.1 Description of TSTC

Texas State Technical College (“TSTC”) a state-supported two-year technical college and is the state’s largest provider of technical education. TSTC was originally established in 1965 as the James Connally Technical Institute (JCTI), a two year college in the Texas A&M University System designed to meet the state’s evolving workforce needs. In 1969, the State of Texas gained ownership of James Connally Air Force Base and renamed the college Texas State Technical Institute (TSTI), which became a separate state agency with its own Board of Regents, appointed by the governor. TSTC been continuously accredited by SACS-COC as a Level I institution since 1968. The college is an open enrollment institution with a full-time equivalent enrollment of approximately 12,000. In contrast with Texas’s regionally-focused community colleges, TSTC has a statewide role and mission with a legislative mandate to focus specifically on highly specialized, advanced, and emerging technical and vocational areas leading to certificates or associate degrees.

In 2015, the college was granted single-accreditation status from the Southern Association of Colleges and Schools Commission on Colleges, the regional body for the accreditation of degree-granting higher education institutions in the Southern states. The college central administration is located in Waco, Texas, the site of the flagship campus. The college has campuses in Abilene, Breckenridge, Brownwood, Fort Bend County, Harlingen, Marshall, North Texas (Red Oak), Sweetwater, Waco, and Williamson County.

1.2 Purpose of the Request for Proposals

1.6 Proposal Evaluation Process

TSTC may select the Proposal that offers the “best value” for the institution based on the published selection criteria and on its ranking evaluation. The top three or fewer ranked respondents may be selected by the Owner to participate in the interview process. The interviews may be conducted in person or through the use of technology.

TSTC may first attempt to negotiate a contract with the selected respondent. TSTC may discuss with the selected respondent options for a scope or time modification and any price change associated with the modification. If TSTC is unable to reach a contract with the selected respondent, TSTC may formally end negotiations with that respondent and proceed to the next “best value” respondent in the order of the selection ranking until a contract is reached or all Proposals are rejected. TSTC is not obligated to select the Respondent offering the most attractive economic terms if that Respondent is not the most advantageous to TSTC overall, as determined by TSTC.

1.7 Historically Underutilized Businesses Submittal Requirements

It is the policy of TSTC to promote full and equal opportunities for the contracting and subcontracting of Historically Underutilized Businesses (HUB) in accordance with *Texas Government Code*, Chapter 2161. This Chapter applies to all contracts for the purchase of goods and/or services with an expected value of \$100,000 or more.

A HUB Subcontracting Plan Form (Included as Separate Attachment) must be filled out and returned with the Proposal to be considered responsive. **If the Proposal does not include a HUB Subcontracting Plan, it shall be rejected as a material failure to comply with advertised specifications.**

Search the State of Texas HUB Database for HUB vendors by the NIGP class and item at: <https://mycpa.cpa.state.tx.us/tpasscmblsearch/index.jsp>

Additional minority and women owned business association resources are available for subcontracting notices at: <http://comptroller.texas.gov/procurement/prog/hub/mwb-links-1/>

Additional information and training regarding how to complete a HUB Sub-Contracting Plan can be found on the CPA Website at the following link: <http://comptroller.texas.gov/procurement/prog/hub/hub-subcontracting-plan/>

1.8 Subcontracting Approval

The Respondent shall perform the Contract with its own resources and those subcontractors identified in the Respondent's HUB Subcontracting Plan. In the event that the Respondent should determine that it is necessary or expedient to execute additional or alternative subcontracts for any of the performances under the Contract, the Respondent shall submit a revised HUB Subcontracting Plan for prior approval before executing any subcontracts.

In any subcontracts entered into by Contractor for the performance of the work, Contractor shall require the Subcontractor, to the extent of the work to be performed by the Subcontractor, to be bound to Contractor by the terms of the contract between Contractor and TSTC and to assume toward Contractor all of the obligations and responsibilities that Contractor, by the contract between Contractor and TSTC, assumes toward TSTC.

The Respondent shall manage all quality and performance, project management, and schedules for subcontractors. The Respondent shall be held solely responsible and accountable for the completion of all work for which the Respondent has subcontracted.

1.9 Bidding Requirements

Proposal prices must be firm for TSTC acceptance for 90 days from the submittal due date and the RFP Document Submission shall be irrevocable from the close of the call until acceptance by TSTC or the passage of a period of 90 days, whichever shall occur first.

1.10 No Reimbursement for Costs

Respondent acknowledges and accepts that any costs incurred from Respondent's participation in this RFP process shall be at the sole risk and responsibility of the Respondent.

1.11 Taxes

TSTC is exempt from taxes pursuant to the provisions of the *Texas Tax Code*, Chapter 151. Do not include tax in the Proposal. Excise Tax Exemption Certificates are available upon request.

1.12 Reservation of Rights

TSTC may evaluate the Proposal based on the anticipated completion of all or any portion of the Project. TSTC reserves the right to divide the Project into multiple parts, to reject any and all Proposals and re-solicit for new Proposals, or to reject any and all Proposals and temporarily or permanently abandon the Project. TSTC makes no representations, written or oral, that it will enter into any form of agreement with any respondent to this RFP for any project and no such representation is intended or should be construed by the issuance of this RFP.

1.13 Texas Public Information Act

All information, documentation, and other materials submitted in response to this RFP are considered non-confidential and/or non-proprietary and are subject to public disclosure under the Texas Public Information Act (*Texas Government Code*, Chapter 552.001, *et seq.*) after the solicitation is completed. TSTC strictly complies with all statutes, court decisions, and opinions of the Texas Attorney General with respect to disclosure of public information.

1.14 Equal Opportunity

The Respondent must be an equal opportunity employer. No person shall be discriminated against in employment because of race, color, religion, gender, national origin, disability, or age.

1.15 Accuracy of Information

TSTC and its officers, directors, employees and agents assume no responsibility for the accuracy of the information in this document. Should dispute arise regarding the meaning or intent of the Contract Documents, the decision of the TSTC shall be final and binding upon the Contractor.

1.16 Contract Award, Initial Term, and Renewal Options

A response to the solicitation is an offer to contract with Texas State Technical College based on the terms and conditions contained therein. RFP's do not become contracts and are not binding until a written

contract, signed by authorized College administrator and authorized personnel of the awarded vendor pursuant to this agreement are formed.

The contract performance period shall be for a period of one (1) year (anticipated to be June 1, 2017 – May 31, 2018), unless otherwise extended or terminated by TSTC in accordance with the terms and conditions of this contract. The Contract will be the deciding factor of execution and expiration. The Owner shall have the exclusive option to renew this contract for two (2) additional one-year terms, provided funds have been appropriated for the continuation of services. The Contractor must be agreeable to renewal under the conditions of this document. All contract renewals or extensions may be subject to approval by authorized personnel of TSTC. Contract renewals or extensions may be made ONLY by written agreement between the College and the Proposer and are subject to approval by authorized personnel of TSTC.

The RFP and submitted responsive documents, or portions of each, and at the College's sole discretion, may become incorporated by reference and a part of this written contract and will be binding on both the College and the Proposer after execution of the contract by both parties.

1.17 Compliance with Laws

The services provided and all representations in the RFP response must be such that they are or would be in conformity with all federal, state, county and local laws, regulations, rules, and orders. Upon request, the Proposer shall furnish to TSTC certificates of compliance with all such laws.

1.18 Termination for Convenience

TSTC, may, at its option and discretion, terminate the resulting contract for convenience and, at its option and discretion, may reduce the statement of work or other requirements of the contract at any time, without any default on the part of TSTC or the contractor, by giving thirty (30) calendar days' notice thereof to the selected contractor.

1.19 Termination for Default

In the event that the services to be performed under this contract must be completed by a certain date, the Proposer is required to provide immediate notice at such time it has knowledge that it will be unable to perform the services within the time required.

1.20 Assignment

The Proposer may not assign, transfer, convey, or subcontract this contract, any services to be performed as outlined in the RFP, or any of its obligations under this contract, in whole or in part, without the prior written approval from the College, which the College may withhold in its sole discretion.

1.21 Ethics Conduct

Any direct, or indirect, actions taken to unduly influence competitive purposes, to circumvent equal consideration for competitive bidders, or to disregard ethical and legal trade practices will disqualify vendors and contractors from current and future consideration for participation in TSTC orders and contracts.

1.22 Drug Policy

TSTC is a drug-free workforce and workplace. The manufacture, sale, distribution, dispensation, or use of illegal drugs or alcohol by vendors or contractors, while on TSTC premises, is strictly prohibited.

1.23 Invoices

Original invoices must be submitted monthly in connection with all payments. To be a proper invoice that may be accepted and paid, the invoice must include the following information and/or attachments; Name and address of the Respondent, Respondent's invoice remittance address, Purchase order number authorizing the services, detailed breakdown of monthly total price for services, and any other related documentation to show proof of services rendered.

Invoices should be received no later than the (15) fifteenth day of every month. Each invoice is subject to review and approval by TSTC before payment will be processed. Normal payment processing time for services which have been completed, delivered to, and approved by TSTC is thirty (30) calendar days after receipt of a valid, uncontested invoice. TSTC will incur no penalty for late payment if payment is made in thirty (30) or fewer days from receipt of goods or services and an uncontested invoice. Payments shall be made consistent with Chapter 2251, Texas Government Code.

Any invoice that does not comply with the minimum requirements stated above may not be considered valid and may be subject to rejection and/or return to the contractor.

Invoices shall be submitted by mail or email to:

Texas State Technical College
Procurement Operations
3801 Campus Drive
Waco, Texas 76705
wacoinvoice@tstc.edu

1.24 Confidential Information

All information owned, possessed or used by TSTC that is communicated to, learned, developed or otherwise acquired by contractor in the performance of services for TSTC, that is not generally known to the public, will be confidential and contractor will not, beginning on the date of first association or communication between TSTC and contractor and continuing throughout the term of the contract and any time thereafter, disclose, communicate or divulge, or permit disclosure, communication or divulgence, to another or use for contractor's own benefit or the benefit of another, any confidential information, unless required by law.

Except when defined as part of the Services, contractor will not make any press releases, public statements, or advertisement referring to the Services or the engagement of contractor as an independent contractor of TSTC in connection with the Services, or release any information relative to the Services for publication, advertisement or any other purpose without the prior written approval of TSTC. Contractor will obtain assurances similar to those contained in this Section from persons, contractors, and subcontractors retained by contractor.

1.25 Governing Law

The contract and all of the rights and obligations of the parties hereto and all of the terms and conditions hereof will be construed, interpreted and applied in accordance with and governed by and enforced under the laws of the State of Texas.

1.26 Group Purchasing Authority

Texas law authorizes institutions of higher education (defined by [Section 61.003, Education Code](#)) to use the group purchasing procurement method ([Texas Education Code 51.9335](#)). Additional Texas institutions of higher education may therefore elect to enter into a contract with the successful Proposer under this RFP. In particular, Proposer should note that Texas State Technical College is comprised of several campuses across the state of Texas described at <http://www.tstc.edu/about/welcome>. TSTC may routinely evaluate whether a contract resulting from a procurement conducted by one of the campuses might be suitable for use by another, and if so, this could give rise to additional purchase volumes. As a result, in submitting its proposal in response to this RFP, Proposer should consider proposing pricing and other commercial terms that take into account such higher volumes and other expanded opportunities that could result from the eventual inclusion of other institutions in the purchase contemplated by this RFP.

2.0 SCOPE OF SERVICES

2.1 Overview

This scope of services specifies the minimum requirements for the vendor to provide the electrical and mechanical training equipment on an “as needed” basis for approximately 30 courses imparted by the College’s Workforce Training departments Statewide. Any additions to or differences from the minimum requirements for the scope of services requested shall be clearly identified in the Proposal response.

2.2 Scope of Work and Specifications

The awarded vendor must demonstrate the ability to design, build and provide all materials, equipment, labor and all other incidental material, tools, appliances, delivery and transportation as required for a complete, efficient, and functional turn-key installation of the electrical and mechanical training equipment as described.

The awarded vendor must procure all permits and licenses required to complete the installation of the equipment and verify conditions and dimensions of the job site.

All equipment and services offered shall be of high quality and suitable for the intended purpose.

All equipment elements, designs, plans, drawings, O&M manuals, and/or manufacturer’s specifications (cut sheets) must be provided to the buyer for final acceptance.

Upon completion of the equipment installation, and before final acceptance by the buyer, the vendor shall perform the on-site inspection of completed equipment installation, with all deficiencies corrected, equipment tests and verification of performance, formal demonstration, and training.

All equipment shall include an initial warranty and maintenance period of not less than one year. The initial warranty and maintenance coverage shall protect all equipment and services delivered under this purchase from defects in operation, design, materials, and workmanship. If the vendor’s equipment is covered by a manufacturer’s warranty in excess of one year, the length of the included warranty term shall be clearly specified in the proposal.

Provided below is the specification list of the equipment needed. **Potential vendors are required to bid on all components.** Costs or cost basis must be broken down for each component to allow for partial selection and/or phased purchase of components on an “as needed” basis dependent on successful grant awards from the Texas Workforce Commission and a Skills Development Fund (SDF) Training Grant.
