1.0 GENERAL INFORMATION

1.1 Description of TSTC

Texas State Technical College (“TSTC”) a state-supported two-year technical college and is the state’s largest provider of technical education. TSTC was originally established in 1965 as the James Connally Technical Institute (JCTI), a two year college in the Texas A&M University System designed to meet the state’s evolving workforce needs. In 1969, the State of Texas gained ownership of James Connally Air Force Base and renamed the college Texas State Technical Institute (TSTI), which became a separate state agency with its own Board of Regents, appointed by the governor. TSTC been continuously accredited by equivalent enrollment of approximately 12,000. In contrast with Texas’s regionally-focused community colleges, TSTC has a statewide role and mission with a legislative mandate to focus specifically on highly specialized, advanced, and emerging technical and vocational areas leading to certificates or associate degrees.

In 2015, the college was granted single-accreditation status from the Southern Association of Colleges and Schools Commission on Colleges, the regional body for the accreditation of degree-granting higher education institutions in the Southern states. The college central administration is located in Waco, Texas, the site of the flagship campus. The college has campuses in Abilene, Breckenridge, Brownwood, Fort Bend County, Harlingen, Marshall, North Texas (Red Oak), Sweetwater, Waco, and Williamson County.

TSTC may select the Proposal that offers the “best value” for the institution based on the published selection criteria and on its ranking evaluation. The top ranked respondents may be selected by the Owner to participate in the interview process. The interviews may be conducted in person or through the use of technology.

TSTC may first attempt to negotiate a contract with the selected respondent (“Respondent”). **TSTC will not negotiate the State of Texas terms and conditions or the Respondent’s indemnification of TSTC.** TSTC may discuss with the selected respondent options for a scope or time modification and any price change associated with the modification. If TSTC is unable to reach a contract with the selected respondent, TSTC may formally end negotiations with that respondent and proceed to the next “best value” respondent in the order of the selection ranking until a contract is reached or all Proposals are rejected. TSTC is not obligated to select the Respondent offering the most attractive economic terms if that Respondent is not the most advantageous to TSTC overall, as determined by TSTC.

1.8 Historically Underutilized Businesses Submittal Requirements

All agencies of the State of Texas are required to make a good faith effort to assist historically underutilized businesses (HUBs) in receiving contract awards. The goal of the HUB program is to promote full and equal business opportunity for all businesses in contracting with state agencies. Pursuant to the HUB program, if under the terms of any agreement or contractual arrangement resulting from this RFP, Contractor subcontracts any of the Services, then Contractor must make a good faith effort to utilize HUBs certified by the Procurement and Support Services Division of the Texas Comptroller of Public Accounts. Proposer acknowledges that, if selected by the College, its obligation to make a good faith effort to utilize HUBs when subcontracting any of the Services will continue throughout the term of all agreements and contractual arrangements resulting from this RFP. Furthermore, any subcontracting of the Services by the Proposer is subject to review by the College to ensure compliance with the HUB program.

1.8.1 TSTC has reviewed this RFP in accordance with [34 Texas Administrative Code \(TAC\) Section 20.285](#), and has determined that subcontracting opportunities **are not probable** under this RFP.

1.9 Bidding Requirements

Proposal prices must be firm for TSTC acceptance for 90 days from the submittal due date and the RFP Document Submission shall be irrevocable from the close of the call until acceptance by TSTC or the passage of a period of 90 days, whichever shall occur first.

1.10 No Reimbursement for Costs

Respondent acknowledges and accepts that any costs incurred from Respondent's participation in this RFP process shall be at the sole risk and responsibility of the Respondent.

1.11 Taxes

TSTC is exempt from taxes pursuant to the provisions of the *Texas Tax Code*, Chapter 151. Do not include tax in the Proposal. Excise Tax Exemption Certificates are available upon request.

1.12 Reservation of Rights

TSTC may evaluate the Proposal based on the anticipated completion of all or any portion of the Project. TSTC reserves the right to divide the Project into multiple parts, to reject any and all Proposals and re-solicit for new Proposals, or to reject any and all Proposals and temporarily or permanently abandon the Project. TSTC makes no representations, written or oral, that it will enter into any form of agreement with any respondent to this RFP for any project and no such representation is intended or should be construed by the issuance of this RFP.

1.13 Texas Public Information Act

All information, documentation, and other materials submitted in response to this RFP are considered non-confidential and/or non-proprietary and are subject to public disclosure under the Texas Public Information Act (*Texas Government Code*, Chapter 552.001, *et seq.*) after the solicitation is completed. 1.15 Accuracy of Information

TSTC and its officers, directors, employees and agents assume no responsibility for the accuracy of the information in this document. Should dispute arise regarding the meaning or intent of the Contract Documents, the decision of the TSTC shall be final and binding upon the Contractor.

1.16 Contract Award, Initial Term, and Renewal Options

A response to the solicitation is an offer to contract with Texas State Technical College based on the terms and conditions contained therein. RFP's do not become contracts and are not binding until a written contract, signed by authorized College administrator and authorized personnel of the awarded vendor pursuant to this agreement are formed.

The initial contract performance period shall be for a period of one year (starting on or about January 9, 2018), unless otherwise extended or terminated by TSTC in accordance with the terms and conditions of the contract. The Owner shall have the exclusive option to renew this contract for up to two (2) one-

year time periods provided funds have been appropriated for the continuation of services. Renewal contract shall commence one (1) day after expiration date of original contract to ensure no interruption of service. The Contractor must be agreeable to renewal under the conditions of this document. All contract renewals or extensions may be subject to approval by authorized personnel of TSTC. Contract renewals or extensions may be made ONLY by written agreement between the College and the Proposer and are subject to approval by authorized personnel of TSTC. TSTC shall reserve the right to award a contract for all or any of the requirements in this Request for Proposals, to award multiple awards, or to not award any contract, according to what is in the best interest of TSTC.

The RFP and submitted responsive documents, or portions of each, and at the College's sole discretion, may become incorporated by reference and a part of this written contract and will be binding on both the College and the Proposer after execution of the contract by both parties.

1.17 Compliance with Laws

The services provided and all representations in the RFP response must be such that they are or would be in conformity with all federal, state, county and local laws, regulations, rules, and orders. Upon request, the Proposer shall furnish to TSTC certificates of compliance with all such laws.

1.18 Termination for Convenience

TSTC, may, at its option and discretion, terminate the resulting contract for convenience and, at its option and discretion, may reduce the statement of work or other requirements of the contract at any time, without any default on the part of TSTC or the contractor, by giving thirty (30) calendar days' notice thereof to the selected contractor.

1.19 Termination for Default

In the event that the services to be performed under this contract must be completed by a certain date, the Proposer is required to provide immediate notice at such time it has knowledge that it will be unable to perform the services within the time required.

1.20 Assignment

The Proposer may not assign, transfer, convey, or subcontract this contract, any services to be performed as outlined in the RFP, or any of its obligations under this contract, in whole or in part, without the prior written approval from the College, which the College may withhold in its sole discretion.

1.21 Ethics Conduct

Any direct, or indirect, actions taken to unduly influence competitive purposes, to circumvent equal consideration for competitive bidders, or to disregard ethical and legal trade practices will disqualify vendors and contractors from current and future consideration for participation in TSTC orders and contracts.

1.22 Drug Policy

TSTC is a drug-free workforce and workplace. The manufacture, sale, distribution, dispensation, or use of illegal drugs or alcohol by vendors or contractors, while on TSTC premises, is strictly prohibited.

1.23 Invoices

Original invoices must be submitted monthly in connection with all payments. To be a proper invoice that may be accepted and paid, the invoice must include the following information and/or attachments:

- Name and address of the Respondent
- Respondent's invoice remittance address
- Purchase order number authorizing the services
- Detailed breakdown of monthly total price for services
- Any other related documentation to show proof of services rendered

Invoices should be received no later than the (15) fifteenth day of every month. Each invoice is subject to review and approval by TSTC before payment will be processed. Normal payment processing time for services which have been completed, delivered to, and approved by TSTC is thirty (30) calendar days after receipt of a valid, uncontested invoice. TSTC will incur no penalty for late payment if payment is made in thirty (30) or fewer days from receipt of goods or services and an uncontested invoice. Payments shall be made consistent with Chapter 2251, Texas Government Code.

Any invoice that does not comply with the minimum requirements stated above may not be considered valid and may be subject to rejection and/or return to the contractor.

Invoices shall be submitted by email to wacoinvoice@tstc.edu OR by regular mail to:

Texas State Technical College
Procurement Services
3801 Campus Drive
Waco, Texas 76705

1.24 Confidential Information

All information owned, possessed or used by TSTC that is communicated to, learned, developed or otherwise acquired by contractor in the performance of services for TSTC, that is not generally known to the public, will be confidential and contractor will not, beginning on the date of first association or communication between TSTC and contractor and continuing throughout the term of the contract and any time thereafter, disclose, communicate or divulge, or permit disclosure, communication or divulgence, to another or use for contractor's own benefit or the benefit of another, any confidential information, unless required by law.

Except when defined as part of the Services, contractor will not make any press releases, public statements, or advertisement referring to the Services or the engagement of contractor as an independent contractor of TSTC in connection with the Services, or release any information relative to the Services for publication, advertisement or any other purpose without the prior written approval of

TSTC. Contractor will obtain assurances similar to those contained in this Section from persons, contractors, and subcontractors retained by contractor.

1.25 Venue; Governing Law

McLennan County or Travis County, Texas, shall be the proper place of venue for suit on or in respect of the resulting contract in regards to this RFP. The contract and all of the rights and obligations of the parties hereto and all of the terms and conditions hereof will be construed, interpreted and applied in accordance with and governed by and enforced under the laws of the State of Texas.

1.26 Loss of Funding

Performance by TSTC under the resulting contract may be dependent upon the appropriation and allotment of funds by the Texas State Legislature (the "Legislature") and/or allocation of funds by the Board of Regents of Texas State Technical College System (the "Board"). If the Legislature fails to appropriate or allot the necessary funds, or the Board fails to allocate the necessary funds, then TSTC will issue written notice to Respondent and TSTC may terminate the Agreement without further duty or obligation hereunder. Respondent acknowledges that appropriation, allotment, and allocation of funds are beyond the control of TSTC.

1.27 Group Purchasing Authority

Texas law authorizes institutions of higher education (defined by [Section 61.003, Education Code](#)) to use the group purchasing procurement method ([Texas Education Code 51.9335](#)). Additional Texas institutions of higher education may therefore elect to enter into a contract with the successful Proposer under this RFP. In particular, Proposer should note that Texas State Technical College is comprised of several campuses across the state of Texas described at <http://www.tstc.edu/about/welcome>. TSTC may routinely evaluate whether a contract resulting from a procurement conducted by one of the campuses might be suitable for use by another, and if so, this could give rise to additional purchase volumes. As a result, in submitting its proposal in response to this RFP, Proposer should consider proposing pricing and other commercial terms that take into account such higher volumes and other expanded opportunities that could result from the eventual inclusion of other institutions in the purchase contemplated by this RFP.

2.0 SCOPE OF SERVICES

2.1 Overview

This Scope of Services specifies that TSTC is seeking qualified respondents for the provision of **AIRCRAFT ENGINE ANALYZER AND SYSTEMS MONITORS AND MAGNETIC FUEL SENDING UNITS** on an “as needed basis” for the Aircraft Pilot Training program at TSTC Waco. A contract will be issued and effective from January xx, 2018 through 08/31/2018 with one (1) additional one (1)-year option to renew and end on August 31, 2019.

2.2 Scope of Work

2.2.1 TSTC owns (12) Cessna 172SP airplanes which are used in the Aircraft Pilot Training program at Texas State Technical College Waco. 2.2.4 TSTC will award a contract to the vendor that best serves the needs of the College. TSTC seeks to accept all responsive, responsible proposals on an unequal basis, thus allowing TSTC to choose the vendor that best meets their requirements based on factors including, but not limited to, price, availability, installation timing and delivery.

2.3 Contract Administration

Mr. V. Carson Pearce will be the Contract Manager for this project. TSTC will monitor performance of any contract issued pursuant to this RFP.

2.4 Change or Addition to Scope of Services

TSTC, without invalidating the contract, may make changes by altering, adding to, or deduction from the Scope of Services at any time during the term of the contract in order to meet current TSTC needs. The Contract pricing shall be adjusted accordingly, upon mutual agreement between TSTC and Contractor.

Should TSTC request additional services during the term of the Contract, an agreement to provide these services at the same price as quoted will be understood as included in the Respondent’s submission.
