1.0 GENERAL INFORMATION

1.1 Description of TSTC

Texas State Technical College (“TSTC”) a state-supported two-year technical college and is the state’s largest provider of technical education. TSTC was originally established in 1965 as the James Connally Technical Institute (JCTI), a two year college in the Texas A&M University System designed to meet the state’s evolving workforce needs. In 1969, the State of Texas gained ownership of James Connally Air Force Base and renamed the college Texas State Technical Institute (TSTI), which became a separate state agency with its own Board of Regents, appointed by the governor. TSTC has been continuously accredited by SACS-COC as a Level I institution since 1968. The college is an open enrollment institution with a full-time equivalent enrollment of approximately 12,000 students. In contrast with Texas’s regionally-focused community colleges, TSTC has a statewide role and mission with a legislative mandate to focus specifically on highly specialized, advanced, and emerging technical and vocational areas leading to certificates or associate degrees.

In 2015, the college was granted single-accreditation status from the Southern Association of Colleges and Schools Commission on Colleges, the regional body for the accreditation of degree-granting higher education institutions in the Southern states. The college central administration is located in Waco, Texas, the site of the flagship campus. The college has campuses in Abilene, Breckenridge, Brownwood, Fort Bend County, Harlingen, Marshall, North Texas (Red Oak), Sweetwater, Waco, and Williamson County (Hutto).

TSTC is governed by a nine-member Board of Regents, appointed by the Governor with the advice and consent of the Senate for six-year, staggered terms. The current members of the Board are: Ellis Skinner, J.V. Martin, Ivan Andarza, Joe Gurecky, John Hatchel, Joe Hearne, Linda McKenna, Penny Forrest, and Keith Honey. Mike Reeser is the Chancellor of the TSTC System

1.2 Purpose of the Request for Proposals

TSTC is soliciting proposals (“Proposals”) from qualified Respondents (“Respondent”) for the purpose of providing food and related products for use primarily by its Culinary Arts Program but also by the campus departments as needed. The full scope is available in Section 2 below.

1.3 Background

TSTC offers a Culinary Arts Program at its Waco, Harlingen, Abilene and Williamson County campuses. Students learn both basic and specialized culinary principles and techniques, and get hands-on experience in food preparation, menu planning, catering, butchering skills, sauce creation, sugar and chocolate work, cake decorating, the artistry of plate presentation and more. The distance between campuses and the size of each program warrant a need to award one or more Respondents if required.

1.4 Submission of Proposal

Proposals will be received until the date and time established for receipt. After, receipt, only the names of respondents will be made public. Prices and other proposal details will only be divulged after the contract award, if one is made.

TSTC will receive Proposals and HUB Subcontracting Plans until **December 8, 2017 at 2:00 p.m. CST.** Proposal must be time-stamped by TSTC before the hour and date specified. Proposals that are received late will be returned to the respondent unopened.

TSTC may select the Proposal that offers the “best value” for the institution based on the published selection criteria and on its ranking evaluation. TSTC may select a shortlist of respondents to participate in an interview process. The interviews may be conducted in person or through the use of technology.

TSTC may first attempt to negotiate a contract with the selected respondent (“Respondent”). **TSTC will not negotiate the State of Texas terms and conditions or the Respondent’s indemnification of TSTC.** TSTC may discuss with the selected respondent options for a scope or time modification and any price change associated with the modification. If TSTC is unable to reach a contract with the selected respondent, TSTC may formally end negotiations with that respondent and proceed to the next “best value” respondent in the order of the selection ranking until a contract is reached or all Proposals are rejected. TSTC is not obligated to select the Respondent offering the most attractive economic terms if that Respondent is not the most advantageous to TSTC overall, as determined by TSTC.

1.9 Historically Underutilized Businesses Submittal Requirements.

All agencies of the State of Texas are required to make a good faith effort to assist historically underutilized businesses (HUBs) in receiving contract awards. The goal of the HUB program is to promote full and equal business opportunity for all businesses in contracting with state agencies. Pursuant to the HUB program, if under the terms of any agreement or contractual arrangement resulting from this RFP, Respondent subcontracts any work, then Respondent must make a good faith effort to utilize HUBs certified by the Texas Comptroller of Public Accounts. Additionally, compliance with good faith effort guidelines is a condition precedent to awarding any agreement or contractual arrangement resulting from this RFP. Proposer acknowledges that, if selected by TSTC, its obligation to make a good faith effort to utilize HUBs

when subcontracting any work will continue throughout the term of all agreements and contractual arrangements resulting from this RFP. Furthermore, any subcontracting of work by the Respondent is subject to review by TSTC to ensure compliance with the HUB program.

TSTC has reviewed this RFP in accordance with 34 TAC §20.285 and has determined that subcontracting opportunities are probable under this RFP.

A HUB Subcontracting Plan Form (HSP) is a required part of the Proposal. The HSP (Attachment E) must be filled out and returned with the Proposal to be considered responsive. Proposals that fail to comply with this section will constitute a material failure to comply with advertised specifications and will be rejected by TSTC as non-responsive.

HUB Contractors may be found by searching the State of Texas Centralized Master Bidders List (CMBL) database at: <https://mycpa.cpa.state.tx.us/tpasscmbsearch/tpasscmbsearch.do> by the NIGP class and item as indicated on the cover page of this RFP.
